## Proposal for Honors Directed Study

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Title of Study: \_\_\_\_\_

Semester of Study: \_\_\_\_\_

Director of Study: \_\_\_\_\_

### Summary of the Directed Study

On a separate page, write a brief summary of your proposed study. Include your method of study any books or other such materials that you expect to consult, and the objectives of your study.

### Approval

I feel that the above plan of study is worth one hour of Honors credit. I understand that grading will be done on a Satisfactory/Unsatisfactory (Credit/No Credit) basis with at least what I consider "B" level work necessary for credit. I agree to meet regularly with my Honors student to supervise this study. The goal of this study has the following Student Learning Outcomes:

Deeper Knowledge

Research Skills

Creativity
